## COURSE DESCRIPTION

Ever wonder what those fables you heard were really about as a child? Our class will dig deeper in Aesops Fables to really understand the meaning of them as we listen and instill manners as we sit around a beautifully landscaped table and serve different types of tea and snacks weekly.

## EXPECTATIONS AND ACCOMODATIONS

Please be on time with hands washed and hair back. We start on time to get every moment we can from our class. Knowing of personal issues ahead of time, I can accommodate as needed.

## COURSE OBJECTIVES

We will work on listening skills, table manners and taking turns. We will explore what it is to set a table, what tea really is and how to create different types of tea, and use our self-control as we listen to our story each week and try to understand the moral of each.

## REQUIRED MATERIALS

Happy and grateful heart, pencil, washed hands and ready to learn.
