AGE RANGE 4-7

CLASS TIME & LOCATION LTL Campus, Fridays @ 9:00 a.m.

COURSE DESCRIPTION

I am thrilled to offer your kiddos a creative and engaging environment where they can explore their imagination and develop their artistic skills. In class, we will focus on mixed mediums and the fundamental elements of art.

Throughout the semester, your child will have the opportunity to experiment with various art materials, such as paint, pastels, collage, DIY materials and more. By incorporating mixed mediums, your kiddos will be encouraged to think outside the box and combine different materials to create unique and expressive artworks.

Another aspect we will focus on are the fundamentals of art, which include line, shape, color, texture, value, form, and space. Each session we will explore one or more of these elements, allowing them to gain a deeper understanding of how they contribute to creating visually captivating art. Through hands-on activities, your kiddos will be encouraged to explore different techniques and experiment with the elements of art.

During each session, I will provide step by step instruction and individual creation time ensuring that each child receive individual attention if needed. I believe in fostering a positive and nurturing environment, where children feel comfortable expressing their creativity and asking questions.

I am excited to embark on this artistic journey with your kiddos, where they will have the freedom to explore mixed mediums and discover the magic of the fundamentals of art. Join me in nurturing their creativity and watch as their artistic abilities flourish!

EXPECTATIONS AND ACCOMODATIONS

Students are encouraged to complete their artwork all by themselves. If they need specific instructions, this will be explained and demonstrated on a separate paper to ensure their artwork is solely theirs.

Students will be utilizing many different messy materials. Be sure they wear clothing that is art appropriate.

All projects will be sent home as completed, may not occur at the end of each class.

Get ready to have a blast exploring materials and creating masterpieces.

COURSE OBJECTIVES

- * Foster Creativity and Imagination: The course intends to nurture children's innate creativity and imagination by providing them with opportunities to explore various art materials, techniques and themes. They will be encouraged to express their unique ideas and visions through their artwork.
- * Encourage Self-Expression: The course aims to create a supportive environment where children feel comfortable expressing themselves artistically. They will be encouraged to communicate through different art forms, fostering self-expression and building confidence.
- * Introduce Artistic Concepts: The course will introduce fundamental artistic concepts in an age-appropriate manner. Children will explore elements such as color, shape, form, line, and texture, gaining a basic understanding of how these elements contribute to visual expression.
- * Develop Fine Motor Skills: Through various art activities, the course aims to enhance the fine motor skills of children ages 4-7, allowing them to gain better control over their hand movements, improve hand-eye coordination, and develop dexterity.

By the end of the course, your kiddos will have developed and/or enhanced their artistic skills, gained confidence in their creative abilities, and cultivated a love for art and self-expression.

REQUIRED MATERIALS

Clothes that are ok to get messy.
